Don't just take our word for it

Thousands of users are now using the Aneevo platform.

Here's what some of them had to say.

"The level of customer care given by Aneevo is without a doubt 'first class'. Whether I need to contact them by phone, email or live chat, I always get a fast and efficient response.

There have been a few times over the last year when I have needed extra support to place the business, due to the underwriting factors involved, but each time the handler has gone above and beyond to help me – it's just amazing, I couldn't praise them enough"

Spencer Barden, Sales and Marketing Supervisor, Civil Service Insurance Society.

The Aneevo system is extremely easy to use and provides access to a number of insurers in one place which gives our clients plenty of choice when it comes to finding cover.

The staff are very supportive when it comes to the ever-changing demands and needs of the modern traveller including the ability to offer increased cover limits

Neil Turner, Managing Director, Academy Insurance Services.
